

LANGUAGE CAMPS IN POLAND

LEKTOR has organised language camps for 20 years.

Such holidays combine English language lessons with very rich programme of leisure activities.

We are the largest organizer of this type of events.

Language camps for youth (15-19 years old) and children (7-14 years old)

Although they are similar, they differ in their curricula and staff. The youth are divided according to their language level and the children are additionally assigned to age groups. All participants receive round-the-clock care of teaching and medical staff. The languages are taught by qualified teachers and native speakers working in our school.

We guarantee transport from all of the big cities.

PERMISSIONS

LEKTOR holds the permit for provision of tourism services (No. 342/19) and insurance guarantees stipulated in the Act on Tourism Services dated August 29, 1997.

LEKTOR is a member of the Lower Silesian Chamber of Tourism.

As a foreign language school, LEKTOR is accredited by the Board of Education in the scope of English language courses, which confirms high quality of foreign language teaching.

LEKTOR has got all the **current permissions to run particular centers** on the basis of the report sent to Board of Education.

According to the regulations LEKTOR applies for the report 30 days before the first turn starts.

WHY RECOMMEND OUR LANGUAGE CAMPS ?

We are highly experienced because we organize language camps since 1990. Therefore, we guarantee that children and youth have holidays full of unforgettable impressions.

Each year, we organise language camps for about 1000 children and young people in the holiday accommodation centres at the seaside and in the mountains in Poland.

LANGUAGE HOLIDAYS ORGANISED BY LEKTOR

LEKTOR holds the permit for provision of tourism services (No. 342/19) and insurance guarantees stipulated in the Act on Tourism Services dated August 29, 1997.

LEKTOR is a member of the Lower Silesian Chamber of Tourism.

As a foreign language school, LEKTOR is accredited by the Board of Education in the scope of English language courses, which confirms high quality of foreign language teaching.

We have long experience in the scope of cooperation with institutions and companies that sent their children and youth to our language camps.

Our long experience in organising language camps dates back to 1990 and therefore we know the ways to ensure that the children's and the youth's holidays are exciting.

WE SPECIALISE IN LANGUAGE CAMPS

We specialise only in language camps and therefore we ensure very good quality of classes given by our experienced foreign language teachers who have been cooperating with us for years.

During the classes, we apply the **communicative approach** focused on overcoming the language barriers, which is often missing at school or traditional language courses. Nice holiday atmosphere and the company of peers cause that even the most resistant students derive pleasure from language learning.

We ensure everyday contact with the language during morning classes and afternoon language workshops in small groups, which facilitates quick progress in short time.

GOOD STANDARD OF ACCOMMODATION

The holiday accommodation centre chosen by us has very good standard and perfect location. There are rooms with 2-4 single beds with bathroom and toilet facilities and TV sets in each room, and with rich offer of leisure activities.

WE OFFER VARIED LEISURE ACTIVITIES PROGRAMME

The time after the language classes is spent on varied tourist and sports activities adjusted to the participants' needs.

We organise trips to interesting places characteristic of a given region.

The payment also includes numerous sports activities such as volleyball, table tennis, gym, billiard table, swimming pool.

We organise afternoon or evening competitions, meetings or discos every day. No matter the weather, the youth will not get bored because the programme is very comprehensive.

SAFE HOLIDAYS

We attach the utmost importance to care for the participants. All of them are cared for 24 hours a day by the teaching and medical staff. The school takes out the casualty insurance for the period of stay.

ATTRACTIVE PRICE

Just for the price of an average camp, your children are offered 30-40 hour language course with comprehensive programme of tourist attractions and very good accommodation. Language camps in Poland are three times cheaper than similar holiday language courses in England.

CLASSIFICATION

This language course is intended for students at all levels. The classification to a given language level group is done on the basis of a vocabulary and grammar test to be taken unaided and sent obligatorily with the application form. Everyone does as many tasks in the test as they can and then – in accordance with their knowledge – is classified to appropriate level. It is not required to do all tasks.

NO PROBLEMS WITH TRANSPORT

During the transport the participants are taken care of and we can pick them up from the majority of big cities in Poland (Wrocław, Warsaw, Cracow, Katowice, Opole, Poznań, Szczecin).

WE ARE LOOKING FORWARD TO SEEING YOU!
