Language camps for youth (15-19 years old) and children (8-14 years old)

While the programmes are similar, they differ in their educational content and staff. The youth are divided into groups based on language proficiency, and the children are additionally grouped by age. All participants are under round-the-clock care of both teaching and medical staff. Languages are taught by qualified teachers and native speakers working in our school.

We offer transfer from all major cities in the country.

WHY CHOOSE LEKTOR LANGUAGE CAMPS ?

We have extensive experience organizing language camps, which we have done since 1990. Children and youth enjoy holidays that leave them with unforgettable impressions and memories.

We organise language camps for nearly 1000 children and young people every year at seaside and mountain resorts across Poland.

LANGUAGE HOLIDAYS ORGANISED BY LEKTOR

LEKTOR holds permit No. 610/4 for the provision of tourism services and insurance guarantees stipulated in the Tourism Services Act. LEKTOR is a member of the Lower Silesian Chamber of Tourism. As a school of foreign languages, LEKTOR offers language courses accredited by the Board of Education, which confirms the high quality of foreign language instruction on offer. We have extensive experience cooperating with institutions and companies that have sent children and youth to our language camps. Our experience in organising language camps dates back to 1990, which means we know how to ensure that children and youth have exciting holidays.

WE SPECIALISE IN LANGUAGE CAMPS

We specialise in language camps, which means we are able to guarantee the highest quality of instruction from experienced foreign language teachers who have been cooperating with us for years. We apply the **communicative approach** focused on overcoming language barriers, which is often overlooked at schools or during traditional language courses. The relaxed holiday atmosphere and the company of peers helps even the most resistant students take pleasure from language learning. We ensure constant contact with the language during morning classes and afternoon language workshops in small groups, which facilitates quick progress in a short time.

GOOD STANDARD OF ACCOMMODATION

The holiday resorts we select offer quality and perfect location. Rooms have 2-4 single beds with bathroom and toilet facilities and TV sets in each room, as well as a rich selection of leisure activities.

WE OFFER A DIVERSE PROGRAMME OF LEISURE ACTIVITIES

The time after language classes is spent on a range of tourist and sports activities designed to meet participants' needs. We organise trips to interesting places showing the unique character of the regions where our camps are held. Included in the camp fee are numerous sports activities such as volleyball, table tennis, gymnastics, billiards and swimming pool access. We organise afternoon and evening competitions, meetings and discos every day. No matter what the weather, youth and children are guaranteed entertainment thanks to a very diverse recreation programme.

SAFE HOLIDAYS

Safety and security of camp participants is our highest priority. Teaching and medical staff are on hand to provide assistance and supervision 24 hours a day. The school holds an accident insurance policy valid for the duration of the camp.

ATTRACTIVE PRICE

For the price of a standard summer camp, your children are offered a 30-40 hour language course with a comprehensive programme of tourist attractions and very good accommodation. Language camps in Poland are three times cheaper than similar holiday language courses in England.

CLASSIFICATION

Our language courses are intended for students at all levels. The classification to a given language level group is done on the basis of a vocabulary and grammar test to be taken unaided and sent in with the application form. Everyone does as many tasks in the test as they can, and is then assigned to an appropriate group. Only those tasks which the participant is capable of doing should be finished.

HASSLE-FREE TRANSFERS

Participants needing transfers are taken care of, and can be picked up from the majority of Poland's major cities (Wrocław, Warszawa, Kraków, Katowice, Opole, Poznań).

WE ARE LOOKING FORWARD TO SEEING YOU!
